since 1978

# Food-Service Equipment Specialist

## About Keisi

In the evolving world of the food and hospitality industry, we aim to introduce and provide solutions with various equipment that fit your kitchen's needs. We are a distributor centralized in Indonesia for many named brands of high quality, commercial kitchen and hospitality equipment from across the globe.

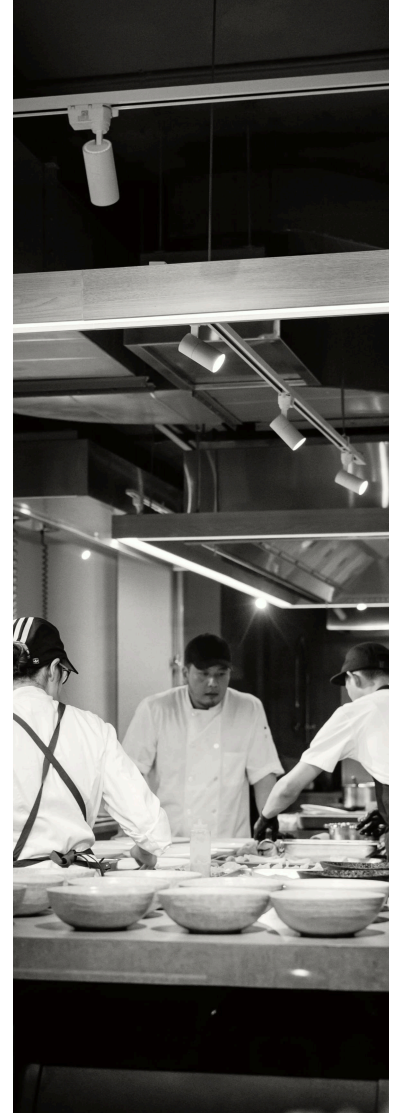

## Our Roots

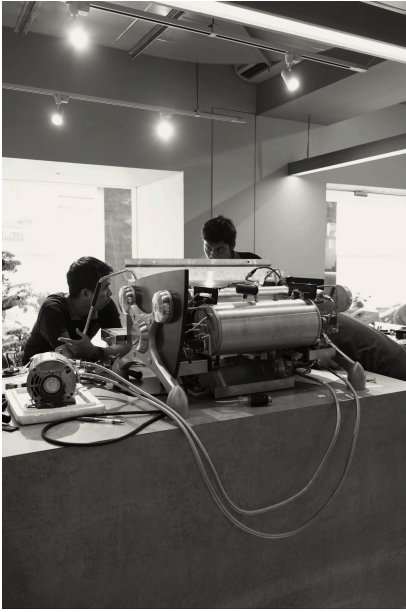

Established in 1978, PT. Keisi Indonesia was founded as part of the esteemed Tian-Liong Group to expand into new sectors beyond its original focus on kitchen utensils, which began with the iconic 'Toko Tian-Liong' retail store in the heart of Glodok, Jakarta.

## The Present

Over the years, we have diversified our offerings to commercial-grade food-and-service machinery, building a reputation for excellence by partnering with world-renowned brands. With nearly five decades of industry experience, PT. Keisi Indonesia is known for delivering outstanding customer satisfaction and maintaining a legacy of consistent quality.

# Why Keisi?

## Professional Team

We are proud to have many experienced technicians in the field, and we represent the benchmark of service professionalism and dedication within the industry. Our team has encountered various challenges with numerous products from different types of customers.

## Certified Training

With professionalism comes proper understanding. Our team is certified with international training programs conducted by established brands by their personal representatives. They are competent individuals educated with the highest level of product knowledge to answer your every question.

## Product Demonstration

No product will be completely understood without being handled. We invite our customers to our product demonstrations to have a better understanding of what our products bring to the table. Our demonstrations will always be under the customers requirements to give them a perspective within their own field of work.

### Personalized Design

Share us your vision, and we'll bring it to life. Our qualified drafting team will take note of your ideas while incorporating our extensive knowledge and experience to devise a design of your preference.

### Product Training & Installation

We are licensed distributors for more than 30 different globally-known brands. We make sure to provide high-quality equipment that includes installations and training so you can the most out of products.

### Guranteed Maintenance

A commitment to reliable, top-tier service that ensures your products continue to perform at their best. We handle every detail, so you can focus on what matters most.

### Stock-Ready Spare Parts

A solution ready at all times. We are dedicated to maintaining a comprehensive stock of spare parts for all brands, ensuring availability whenever you need them.

# Showroom

Our showrooms highlight our products under the spotlight. We achieve this by hosting product demonstrations in a well-equipped kitchen setting, showcasing the equipment's functionality within the lines of our customers' operations.

Also serving as a cooking studio, our showroom serves multiple purposes to meet our customers' requirements, including research & development, cooking classes, content creation, and many more.
